PROJECT: "I'm Just a Bill..."

Directions: Using Microsoft Word or google docs, create your own version of a bill to get passed through a legislative body (state=General Assembly, federal=Congress) Here's how you earn full points... You can earn UP TO the totals listed only if you do an above average job!

1. _____ (20 pts) Think of **legislation** you want to see passed at either the state or federal level. In the final draft of your bill, it should look official and follow standard rules for legislation.. Pretend money grows on trees. **Beware constitutionality of laws! Make sure your legislation could stand up in a court as something government's have the power to affect.**
2. _____ (10 pts) Give your legislation both a name and then give it a number...you can make yours a Senate or House Bill. Make it look similar to the screen shot of real bills (on the back) **or from searching "model bills" on the internets.**
3. _____ (10 pts) Include a creative earmark or "programmatic request" (pork!) in another section. Remember those? No? Look em up! In your final draft to turn in, highlight in a bright color or change the color of the text for the section that contains your earmark.
4. _____ (5 pts) Include the **committee** it was assigned to...USE A REAL committee name in the North Carolina General Assembly or Congress.
5. _____ (5 pts) YOU are the **sponsor!** Make sure this is noted on the bill somewhere.
6. _____ (10 pts) Have listed under the name of the bill, the full purpose of the bill. Think "action verbs" to start off the purpose! *For example: "to create, to fix, to amend, to provide, to include"*
7. _____ (10 pts) Turn it in by _____ in the Team Drive "AP GoPo 2020" in the folder "Represent and Reform". I'll be grading them on teacher work day on the morning of _____!. NO "collaboration" or plagerizing. Be original! The only thing you should be "stealing" is formatting ideas and some language. If I put your bill in the googles and it's a total rip off...you lose!
